2020 Edition

A Letter from our Hobart Chamber Executive Director

Wow! What a year 2020 has been! With the hit of COVID-19 who could have predicted this? It certainly is a time of uncertainty. That is why now, more than ever, it is time to come together and support our community, our businesses, and each other. We have worked hard during this time joining forces with the NWI Small Business Task Force, other chambers, business owners, and elected officials to keep our members informed, educated, and surviving.

We are always pushing for you to shop local, and right now it is more important than ever! This Holiday Season, and all through the year, our local businesses need our support. In the back of this guide, there is a list of businesses that have invested in our community and in your local Chamber of Commerce. Please invest back into them! We hope you keep this guide as a reference when you are looking to do business within our community.

2020 has been rough, but remember that difficult roads often lead to beautiful destinations. We have so much to look forward to in the coming new year. Your present situation is not your final destination. Frank Sinatra said it well, "The best is yet to come. Won't that be fine?"

From all of us here at the Hobart Chamber of Commerce, we wish you and your families a safe and Happy Holidays and a fantastic 2021!

Lisa Winstead

Executive Director,
Hobart Chamber of Commerce

Thank you, Joann Metros, for your commitment and service to the Hobart Chamber. We miss you but wish you the best in your next endeavor.

Rest in Heaven, Deanna Paras. Our luncheons and events will never be the same without you.

THANK YOU TO THE HOBART CHAMBER 2020 PREMIER PARTNERS

To our partners, thank you for helping us succeed in our mission!

The mission of the Hobart Chamber of Commerce is to create opportunities for networking, partnerships, and relationships for businesses serving the community of Hobart.

2020 Reflections from Board President, Marsha Plesac

This year has not been the year we were expecting. I think it is safe to say that everyone has been affected by the Covid -19 virus in some way. When I wrote my 2020 Hobart Chamber of Commerce President Introductory letter at the end of 2019, I was full of hope and excitement for all our 2020 Hobart Chamber of Commerce events and get-togethers. We expected to entertain and engage with folks at monthly breakfasts, lunches, a job fair, and educational events. Our hope was to honor and celebrate our 2019 Chamber award winners in March and engage with the community at the Family Fun Day in June (and then we tried again in August). The Hobart Chamber of Commerce Board of Directors planned and worked diligently to bring you opportunities to learn, grow, and connect in 2020! Unfortunately, we had to roll with the punches like everyone else. We were able to engage and support our members in other ways, including the Small Business Task Force virtual calls and the Thanking our Heroes program. The Hobart Chamber of Commerce has stepped up its game with more virtual interaction, including Hobart Chamber TV and Member Spotlight segments.

Thankfully, our 2020 Annual Golf Outing was a huge success! With careful planning and execution, our Golf Committee and board were able to host a fun, safe, and productive event. I look forward to seeing everyone at our 2020 Annual Business Expo this year. It is being held at Avalon Manor November 19th and we have added a virtual feature so we can accommodate anyone who wishes to participate.

I look forward to 2021 and pray that our events and plans can move forward without further delays. Look for updates on our website and Facebook! If you are already a Hobart Chamber of Commerce member, thank you! I appreciate your partnership. If you are not a current member, I invite you to browse our website, call the chamber office, or contact me at the Hobart DT Centier Bank. The Hobart Chamber of Commerce has a place for you and your business!

Looking to the Future with Incoming Board President, John Yelkich

Greetings!

Being an insurance agent, I have been trained to look for the risk in many different circumstances. For instance, where most people see sunshine, I see the number one leading cause of skin cancer.

However, not even someone as pessimistic as me could have foreseen the events that occurred over the course of the last 12

months. From COVID-19 to the civil unrest our nation has seen and everything in between, it has been an extraordinary year. And, as a result of this extraordinary year, there have come new challenges to the businesses in the Hobart community. My pledge as incoming President of the Hobart Chamber is to assist our local businesses in meeting these challenges head-on and provide opportunities to learn how to thrive in this new reality we face.

As a business owner, I understand how difficult it is to run a business successfully. It takes long hours, many sacrifices and a lot of sleepless nights to reach a point where we can unlock the doors in the morning and not have an overwhelming feeling of dread. My goal for the Hobart Chamber in 2021 is to help alleviate those feelings of dread and uncertainty and become a resource that makes doing business easier.

I am also going to use this opportunity to issue a statement to my fellow board members and Chamber membership as a whole; you need to become more involved in what it is we do. From events to publications, we need participation to survive. Your participation is vital in that you are our largest, single resource. When that resource is motivated, we can accomplish great things. I am excited about the coming year and look forward to maximizing the resources the Hobart Chamber of Commerce has to offer.

NWI Small Business Task Force

The NWI Small Business Task Force was organized to assist small business owners following Governor Eric Holcomb’s issuance of several executive orders, including one requiring Hoosiers to "stay at home" from March 24 until April 7. The Executive Order shut down nonessential travel and businesses to help deter the spread of the novel coronavirus. At that time, seven people in Indiana had died from the virus, and at least 259 had tested positive.

Written by: Lisa Beck

We began assembling the task force members from local stakeholders. Team Members include the City of Crown Point, City of Hobart, Crown Point Chamber of Commerce, Hobart Chamber of Commerce, Crossroads Chamber of Commerce, Governor’s Office (Eric J Holcomb), Indiana Economic Development Authority, Lake County Economic Alliance, Northwest Indiana Small Business Development Center, First Financial Bank, Purdue Extension, Crown Brewing, Provecho, Northwest Indiana Media, and Walter Cook Insurance, Inc.

The Small Business Task Force’s mission is to promote local small business through providing accurate information to help maintain and gain sales, assist small business owners in obtaining grants and loans through the SBA, and the CARES Act.

We sent correspondence to Governor Holcomb requesting that Indiana become certified for the SBA EIDL loans, we requested seed money for a grant program to assist small businesses with grants, we requested funding from the CARES Act for reimbursement of COVID compliance expenses, and for an economic development plan to encourage buy local.

3198 EAST 83RD PLACE | MERRILLVILLE, IN | 219.945.0100 | tradewindsnwi.org

We held 1 to 2 weekly webinars inviting national, statewide and local experts, including but not limited to, the following:

1. **Marilyn Morand-Townsend, CVC Communication in Fort Wayne: “How to Lead During Chaos.”**
2. **Martin Anderson, Deputy District Director, Indiana District Office, U.S. Small Business Administration: “Update on EIDL Programs and PPP loan program.”**
3. **U.S. Sen. Todd Young: provided “Updates on the PPP loan program.”**
4. **Amanda Brinkman, cable host of the Small Business Revolution: “Marketing Advise to Combat an Economic Downturn.”**
5. **Bill Waltz, General Counsel for the Indiana Chamber of Commerce: “Tax Relief for Small Businesses as We Continue to Navigate Through the COVID-19 Pandemic.”**
6. **Dan Engling, industrial hygienist for Keramidas: “The Role of Diagnostic Testing Modalities in Helping Combat the Spread of COVID-19.”**

We are currently working with Purdue Northwest to develop a software application that will encourage traffic to the small businesses located in the cities of Crown Point and Hobart. We hope to have this available in the Spring of 2021.

The Task Force’s response to this crisis came in phases as we addressed the evolving nature of the coronavirus pandemic. Today our goal is to inject new resources where they are needed most, and moving our community a step closer to emerging from this crisis stronger than we were before.

Thanking Our Heroes

When the pandemic hit, our essential workers kept on going proving the heroes they are to all of us. Many residents in our community asked, “How can I help during this pandemic?” State Representative Lisa Beck, the NWI Small Business Task Force, and the Hobart Chamber of Commerce teamed up to thank the healthcare workers at St. Mary Medical Center of Hobart by raising money to purchase gift cards from local businesses to be gifted to the healthcare heroes in our community.

With the help of our supportive community and businesses, we were able to provide every employee of St. Mary Medical Center with a gift card to a local business!! We would like to thank the following businesses for their generous support: Centier Bank, Chick-fil-A, City of Hobart Special Events, Horizon Bank, NIPSCO, Peoples Bank, Strack & Van Til.

The Hobart Chamber and our members are...

We have all changed the ways we have had to do business this year. Meetings going virtual, curbside pickups and deliveries, etc. The Chamber wanted to continue to spotlight our wonderful businesses and launched Hobart Chamber TV! We featured different businesses, organizations, and events on our Hobart Chamber Facebook page and Hobart Chamber TV on Youtube. Thanks to you, we've had thousands of viewers!

In October, we launched our first edited video "Open for Business" We got to visit many businesses that are open as they introduced themselves then "passed" the Open for Business sign onto the next business. We had a blast doing this! If you have not seen it, you can watch it on hobartchamber.com. And don't forget to follow us on Facebook!

Wishing
You Happy
Holidays!

HOBART CHAMBER OF COMMERCE BUSINESS EXPO

I remember the first time I heard about business expos. I was unsure what they were for. As a new business owner, I was furiously managing employees, managing expenses, trying to meet and talk to new customers and find time for accounting, legal, insurance, etc... I've been in your shoes, it's daunting and overwhelming to say the least - and then to get invited to join a chamber and attend an expo. Yeah right! My first reaction was, I have no time! I can't attend these. I'm too busy!

by: Jorge Gutierrez II

Well after doing a bit of research as to why anyone would attend, I carved out a bit of time and attended and set up a table at the local expo. I loved it! I was making connections and building a strong local network. I eventually found help to allow me to attend more chamber events and to even join as a board member now in charge of setting up this year's business expo. I've been blessed and fortunate to have the support from my amazing team and my beautiful family to allow me to be part of the Chamber and give my time to improve our local community. I truly believe it takes a village to raise a family and why not a strong local business economy.

During my expo research and through my own personal experiences, I listed on the next page several reasons why an expo could improve your business. This experience has definitely changed my outlook on marketing/social business events and now I try to attend as many as I can. I believe you have to surround yourself with the who's who in your community because strong relationships are the foundation of a long and sustainable and profitable business. Finally, proximity to those who have power and influence can open doors and make introductions that will radically change your business. See you there!

Top Reasons to attend a local business expo:

Refresh your thinking. Many business owners I work with are so heads-down in the daily running of the business that they don't have much opportunity to go out and think about the big picture. What better way than to talk to other business owners in an informal atmosphere, look at other kinds of companies, and spend time with community leaders?

You can meet potential customers. Even if you're not exhibiting, this is a great chance to make connections with other business people in the community. And of course, all those people are consumers with families! You can check out the competition. This is a safe environment to find out what other companies are doing. Everyone is there to ask and answer questions, so you won't seem intrusive by asking your competitors about how things are going or what new offerings they have.

You'll get a sense for the state of your industry. It's one thing to read reports in the paper, but it's different to get out there and see what's happening. Look for surprises, both good and bad. That's where the best learning comes from.

You can test your messaging. This is an opportunity to meet hundreds of people and try out your messages. Try LOTS of different messages, and see how people respond.

You can learn some new things. Stimulate new ideas and creative ways to support your business.

You can meet community leaders and the who's who of local business professionals. They want to form connections to find out what the concerns are, so take this chance to have your voice heard directly!

Reward your employees. Many workers don't have the chance to get out into this kind of unique environment, representing your company and finding out what's happening in other companies. This is a special experience, and gives them a broader understanding of how you market your business.

Hook up with the hot businesses in the area. The businesses which are in the paper, grabbing market share, and attracting employees are going to be receiving awards, and you can talk with them directly.

Meet other business people who you can lean on, learn from, and possibly gain business from that you would not have had the chance to meet had you not attended.

Learn about what's hot, what's fading, and what your company needs to have or do right now

Gain knowledge and exposure to new trends, products and resources.

Nothing can give a business owner more energy than having a good time while working to grow and improve their business.

Build and create new business relationships.

A Convergence of Care - On-site clinic within Hobart High School provides wide variety of services for both students, the public

The Brickie Clinic, conveniently located within Hobart High School, provides a comfortable, convenient location for students, parents – and members of the community – to receive primary care services from Hobart's leading healthcare provider.

Community Healthcare System's St. Mary Medical Center partnered with the School City of Hobart to create an on-site clinic for the health and well-being of families throughout Hobart and surrounding areas. Since opening in 2013, the clinic has grown to provide a wider variety of services.

Services include well-child visits for ages 2 and older, adult preventive, acute and chronic care, women's wellness, vaccinations and minor injury treatment.

"The Brickie Clinic not only provides easy access to needed health services; it allows us to provide education and preventive medicine in our school community," says Janice Ryba, CEO of St. Mary Medical Center.

The clinic is staffed with professionals from St. Mary Medical Center's team. Julie Burk, a certified family nurse practitioner, and a medical assistant are both members of Community Healthcare System's physician network, Community Care Network, Inc.

"Our goal is to make patients feel comfortable and create an atmosphere of trust and support," says Burk, who has more than 30 years of primary healthcare experience. "We have a proven track record of excellent healthcare delivery."

Open to the public, the school-based clinic is accepting new patients, who have access through a private entrance at Door 14. Most insurances are accepted with same-day or next-day appointments often available.

For more information about the Brickie Clinic, or to schedule an appointment, call 219-945-9383.

GIVING BACK THIS SEASON

As you are shopping locally this Holiday Season take a moment and feel grateful. We really are blessed. Let's take that gratitude a step further and pass it on to others. There are lots of ways to give back.

Here are few ideas:

Donate new and unwrapped toys to Toys for Tots.
(The Hobart Chamber is a drop-off spot.)

Give food to the Hobart Food Pantry.

The Humane Society of Hobart is always looking for donations, even old blankets. You can always volunteer too!

Take a name (or names) from the Hobart Tri-Kappa Giving Tree.

Make a donation to your favorite non-profit.

Meals on Wheels has "light the night" - light a star on their trees of light to provide meals for seniors.

Check on your neighbors.

Remember that all it takes is being kind.
Smile at a stranger. Hold the door for someone.
There are lots of ways to give back.

The Best is Yet to Come

Mayor Brian K. Snedecor
and City Employees
Wish You the
Happiest of Holidays!

Small Business Saturday - November 28, 2020

Written by: John Yelkich

Small Business Saturday began as an idea originating with American Express Credit Cards in November of 2010. The concept was used to help small businesses gain marketing exposure and to encourage consumers to shop locally during the Christmas season as a way to counter the effects of the recession that began in 2008.

Momentum was gained quickly as the US Senate in 2011 unanimously passed a resolution in support of the day and officials in all fifty states participated in the event at some level or other. The program began to catch on with consumers as well. By 2019, shoppers had come together to support their local businesses more than ever as the tenth anniversary hit a record high with an estimated \$19.6 billion in reported spending.

2020 marks the fourth year Hobart has participated in Small Business Saturday. And, when 67 cents of every dollar spent at a small business stays in the local community, it makes good business sense to continue that participation. The City of Hobart and the Hobart Chamber of Commerce are committed to bringing Small Business Saturday to our community again this year even in the face of all the challenges that must be overcome. Though the event may look different as a result of those challenges, the spirit of Small Business Saturday will continue. To the right is just a highlight of the deals you can get on Small Business Saturday. For the full updated list, please visit hobartchamber.com. See you there!

Hobart Chamber Golf Classic

On August 21st, the Hobart Chamber was able to hold our Annual Hobart Chamber Golf Classic at Innsbrook Country Club. We had perfect weather and 80 golfers! Of course social distancing and other good practices were in play, but it was still the perfect day! We had the Hobart Kiwanis out hosting a "Chip for Charity" game. With our golfers' generosity and the Hobart Chamber "chipping" in, we were able to present our Kiwanis with a \$400 check!

National Freedom Train

by Lyle Hatten

In the past, the city of Hobart has been privileged to have two National Freedom Trains passing through our city. In July of 1948, when I was a kid, I remember seeing a train heading west on the Pennsylvania railroad and the word "Freedom" was written on the train's side. This Freedom Train had just completed a stop at the Pennsylvania station. As the train continued, I contacted the ticket clerk at the station who advised me that this train was the Freedom Train traveling throughout our country. In the summer of 1975, while serving as one of your police officers, some fellow officers said they saw a red, white, and blue Freedom Train passing through our city, but I didn't get to see it myself.

The Vietnam Veterans Memorial Wall

by Lyle Hatten

There is a permanent Vietnam Veterans Memorial Wall in Washington, D.C., as well as a traveling wall which is taken through all our states. I have had the pleasure to see these walls several times, and each time the sight of the wall was very emotional and a heartbreaker to remember and see the names of my lost friends. The picture shows the tip of the flagpole pointed at Hobart's Major Gordon Scott Wilson, one of my best friends in high school. If you have never seen the wall, I hope you will make an attempt to do so. I guarantee you will never forget it as you look for Hobart's veterans' names. The traveling wall tour has been cancelled this year, but it's been said that the tour will start again in 2021. Check the internet for forthcoming dates and locations.

FROM THE SCHOOL CITY OF
**HOBART EDUCATIONAL
FOUNDATION**

The School City of Hobart Educational Foundation was established in 1998 to create partnerships with the business community for the benefit of the School City of Hobart. Every year, the Foundation awards thousands of dollars to support innovative projects and ideas which enhance learning in School City of Hobart classrooms at all levels. Since 1998, the Hobart Educational Foundation has provided over half a million dollars to promote educational opportunities for Hobart students through classroom grants, special projects, and scholarships!

LISA BECK

State Representative

***LISA WORKS HARD
AND GETS THINGS DONE!***

✓ PRO UNION LABOR ✓ PRO PUBLIC SCHOOLS ✓ PRO GOOD JOBS

**Within the first two years of
Lisa Beck's term, Lisa completed the following:**

- ✓ Helped hundreds of unemployed workers receive their proper unemployment payments
- ✓ As ranking minority leader of the Labor and Pension Committee, Lisa helped to raise the OSHA maximum fine from \$70,000 to \$132,000 for knowing and willful violations
- ✓ Helped to raise the Indiana Worker Comp Death Benefit from \$7,500 to \$10,000
- ✓ Drafted successful legislation helping any worker that loses their coal job because of the transition from fossil fuel to renewable fuel to receive free job training
- ✓ Drafted successful legislation that provided additional time for cities to pay assessment taxes, saving cities from having to make drastic budget cuts
- ✓ Formed the Small Business Task Force to help small businesses navigate through the Covid 19 pandemic process
- ✓ Organized an interactive Women's Health Fair
- ✓ Organized the Veteran's Pancake Breakfast to help raise money for new American Legion members
- ✓ Completed a Statewide Labor Tour to help inform Indiana labor of the recent legislative changes
- ✓ Organized three Small Business Training sessions
- ✓ Organized a Union Trade Fair
